Available for Adoption

MURPHY

2008 Mini Donkey Gelding

Murphy is a 7-year-old miniature donkey available for immediate adoption.

Murphy arrived in June of 2015 from the New Holland auction in PA. This little guy came as a 'Jack' (or ungelded male donkey) and had been used for breeding purposes before ending up at auction. We are always happy to be able to bring home minis and donkeys to geld, as they will then no longer be breeding potentially unwanted babies in the future. Murphy arrived with many rub marks and patches of hair loss across his body, and will certainly benefit from lots of TLC. Murphy has had a great summer here on the farm, and has come a long way in his trust of people. He has blossomed into a sweet and sensitive little guy, Murphy spends his days with Mikey while awaiting his own forever home.

He would do best in a home where he could receive lots of one on one attention to build confidence since he is a very shy and cautious little guy. We have been working with him to gain trust and we are now able to groom him and pick his feet. He is great for the veterinarian and will now stand for the farrier with some reassurance.

If you are interested in Murphy please fill out an adoption application.

Horses with Hope can be found at Booth #603.
